

Hot rolling mills / Tube Rolling Plants (TRP) supplied by EZTM

Description	Finished product range	Year	Location
Sizing mill TRP 102	seamless tubes, dia. 42-102 x 2-4 mm	2016	Russia
Piercing mill equipment for tube rolling plant TRP 450 (modernization)	seamless tubes, dia. 178-72 mm, wall thickness 6-40 mm	2016	Russia
Piercing mill equipment for tube rolling plant TRP 250 (modernization)	seamless tubes, dia. 114-168 x 4-20 mm	2015	Azerbaijan
Universal screw rolling mill 130	tubes, bars	2015	Russia
TRP 70-270 (modernization)	Seamless tubes	2014	Russia
Piercing mill equipment for tube rolling plant TRP 450 (modernization)	seamless tubes, dia. 178-72 mm, wall thickness 6-40 mm	2013	Russia
Continuous and reducing mills TRP 30-102 (modernization)	seamless tubes, dia. 30-108 mm	2012	Russia
Continuous mill modernization	Seamless, drill tubes	2012	Russia
Stretch reducing mill for tube rolling plant TRP-80	tubes, dia. 21-89 mm, wall thickness 2-14 mm	2011	Ukraine
Roughing mill for TRP-200	Billets, dia. 120-220 mm	2008	Romania
Tube rolling plant TRP 70-270	tubes, dia. 70-270 mm	2008	Russia
Stretch reducing mill for tube rolling plant TRP-80	tubes, dia. 21-89 mm, wall thickness 2-14 mm	2008	Ukraine
Three-stand sizing mill equipment	tubes, dia. 168-426 mm	2008	Russia
Tube rolling plant TRP 50-200 (modernization)	tubes, dia. 50-200 mm; length 6-12 m; wall thickness 7-30 mm	2008	Russia
Five-stand sizing mill equipment	tubes, dia. 89-245 mm; wall thickness 5-25 mm, length 6-12,5 m	2008	Russia

Five-stand sizing mill equipment	tubes, dia. 50-168,3 mm; length 5-13 m, wall thickness 5-25 mm	2008	Russia
Tube rolling plant TRP 140 (modernisation)	seamless tubes, dia. 60- 146 mm	2007	Russia
Installation of break-down mill into tube rolling plant TRP 80 line	seamless tubes, dia. 20-89 mm	2007	Russia
Piercing mill equipment for tube rolling plant TRP 450	seamless tubes, dia. 178- 72 mm, wall thickness 6-40 mm	2006-2007	Russia
Tube rolling plant TRP 30-102 with continuous mill (modernisation)	seamless tubes, dia. 30- 108 mm	2005-2006	Russia
Tube rolling plant TRP 350 (modernization of piercing mills No. 3 exit sides)	tubes, dia. 4"...13.", wall thickness 11/8"...2."	1998	USA
Tube rolling plant TRP 200 (modernization of piercing mills No. 5 exit sides)	tubes, dia. 44/8"...9", wall thickness 13/8"...1."	1998	USA
Tube rolling plant TRP 140 (modernization of piercing mills No. 4 exit sides)	tubes, dia. 3"...6.", wall thickness 0,8"...0,75"	1998	USA
Tube rolling plant TRP 600 with pilger mill (modernization)	seamless tubes, dia. 273- 600 x 8-90 mm	1997	Russia
Tube rolling plant TRP 140-2, stage 2 (modernization)	seamless tubes, dia. 57- 146 x 3,5-26 mm	1991	Russia
Tube rolling plant TRP 200 with 3-high elongator mill	seamless tubes for antifriction bearings, dia. 60-200x8-45 mm	1998	Romania
Tube rolling plant 80 TRP with continuous mill	seamless tubes, dia 20-89 x 2,3-8 mm	1986	Bulgaria
Tube rolling plant TRP 80	seamless tubes, dia. 20-89 x 2,3-8 mm	1986	Russia
Tube rolling plant TRP 140 with plug mill (modernization)	seamless tubes, dia. 57- 114 x 4-18 mm	1984	Georgia
Tube rolling plant TRP 100 with continuous mill	seamless tubes, dia. 30- 102 x 2,5-8 mm	1981	Romania
Tube rolling plant for production of drill rods	drill rods, dia. 33-40 x 12,5-14 mm	1981	Russia
Tube rolling plant TRP 140-2 (modernization)	seamless tubes, dia. 57- 140 x 3,5-26 mm	1980	Russia
Tube rolling plant TRP 50-200	seamless tubes, dia. 62- 200 x 7-45 mm	1980	Russia
Tube rolling plant TRP 250 with plug mill (modernization)	seamless tubes, dia. 114- 168 x 4-20 mm	1980	Azerbaijan

Tube rolling plant TRP 140 with tandem mill	seamless tubes, dia. 60-146 x 4-18 mm	1977	Ukraine
Tube rolling plant TRP 350 with plug mill (modernization)	seamless tubes, dia. 140-377 x 4,5-45 mm	1976	Ukraine
Tube rolling plant TRP 140 with tandem mill	seamless tubes, dia. 42-146 x 3,5-18 mm	1975	Ukraine
Tube rolling plant TRP 140 with tandem mill	seamless tubes, dia. 42-146 x 3,5- 18 mm	1975	Russia
Tube rolling plant TRP 400 with plug mill (modernization)	seamless tubes, dia. 194-377 x 4-18 mm	1975	Georgia
Tube rolling plant TRP 80 with continuous mill	seamless tubes, dia. 38-83 x 3-8 mm	1974	Ukraine
Pilot aluminum alloys tube rolling mill	tube blanks, dia. 40-80 mm	1974	Russia
Pilot special alloys tube rolling mill	tubes, dia. 57-159 mm	1974	Ukraine
Tube rolling plant TRP 140	seamless tubes, dia. 70-146 x 3,5-14 mm	1971	Russia
Tube rolling plant TRP 30-102 with continuous mill	seamless tubes, dia. 30-108 x 2,5-8 mm	1970	Ukraine
Tube rolling plant TRP 12" with pilger mill (modernization)	seamless tubes, dia. 203-351 x 40-60 mm	1969	Ukraine
Tube rolling plant TRP 140 with plug mill	seamless tubes, dia. 38-146 x 3-20 mm	1968	Bulgaria
Tube rolling plant TRP 10" with pilger mill (modernization)	seamless tubes, dia. 114-168 x 7-12 mm	1966	Russia
Tube rolling plant TRP 200 with 3-high elongator mill	seamless tubes for antifriction bearings, dia 60-200 x 8-45 mm	1964	Ukraine
Tube-rolling plant TRP 30-102 with continuous mill	seamless tubes, dia. 38-102 x 2,8-8 mm	1962	Russia
Tube extruding plant 38-150	seamless stainless steel and alloy tubes, dia. 38-159 mm	1961	Ukraine
Tube rolling plant TRP 160 with 3-high Assel type mill	seamless tubes for antifriction bearings, dia. 40-160 . 6-20 mm	1952	Russia
